

GM TARGARYEN
KANZ ALBIDAYER x DRAMA QYEEN
2016 Bay Stallion

GREYMOOR FARM in Elko, Minnesota, owned by Donna Hentges, boasts a small but internationally successful breeding program. The foundation of the program was First Cyte, a Multi-National Champion stallion who produced both National and International Champions, and three carefully selected broodmares who all produced National Champions. Foals from those crosses won an amazing 16 National Championships and 41 National Top Tens in halter. First Cyte daughters became the farm's second-generation broodmares and (bred to outside stallions) have carried on the legacy of producing National Champions.

It is from this carefully curated program that the stallion GM Targaryen was born.

WHAT SETS GM TARGARYEN APART FROM OTHER STALLIONS AS A SIRE:

- GM Targaryen's Sire and Dam are National/International Champions themselves and both are producers of National and International Champions. There are 25 National winners or producers of National winners in the first four generations of his pedigree.
 - *Targaryen's sire *Kanz Albidayer was twice Gold Champion Colt at the Dubai International and was also Silver Champion Colt at the Mediterranean Championship in Menton.  - * Targaryen is out of the multi-National Champion Mare Drama Qyeen, who is also a National Champion producer. All of her shown foals have won National titles!
 - *Her sire Multi-National Champion First Cyte is the sire of both National and International champions. First Cyte's sire line has produced National winners for six generations and his dam line has produced National winners for seven generations!

- His oldest daughter was exported to Dubai at age two. The first two of his foals to show at the National level were national winners in halter and performance.
- He is becoming more popular every year with 19 foals registered by the end of 2023 and 15 (to be foaled or registered) for a total of 34 through 2025.
