Greymoor Farm, owned by Donna Hentges, boasts a small but internationally successful breeding program. Donna's most recent foals have been exported to international breeders who have enjoyed success with them in the showing and in their breeding programs. Representing over two decades of research and breeding, the Greymoor program has taken a new and exciting turn with the birth in 2016 of GM Targaryen. "Targaryen is, quite simply, the best foal I have ever produced. He is beautiful, conformationally correct, with great legs and an incredible attitude. He is a sweetheart in the stall and a "let's go get-'em" competitor. I have been delighted with his show ring performance to date and look to him to get better and better with age and experience."

Targaryen's sire *Kanz Albidayer was twice Gold Champion Colt at the Dubai International and Silver Champion Colt at the Mediterranean Championship in Menton. He has sired World, European, Nations Cup, Scottsdale and Vegas Breeders Cup Champions. His dam DL Marielle has produced three sons who have been champions at major European and Middle Eastern shows.

Targaryen's dam line is phenomenal. His dam Drama Qyeen is a multi-National Champion Mare who is also a National Champion producer. Her sire multi-National Champion First Cyte is the sire of both National and International champions. First Cyte's sire line has produced National winners for six generations and his dam line has produced National winners for four generations. Drama Qyeen's dam Klassic produced a champion dynasty that included three National Champions in halter and three producers of National winners. Klassic's dam produced seven champions and four producers of champions and her dam produced three champions and three producers of national winners.

PROOF IS IN THE FOALS

With his first foals on the ground we are already seeing his ability to recreate his own best qualities in his offspring. His dam looked just like her sire, First Cyte. Targaryen looks just like his dam and his grandsire and his foals look just like him.

Klassic

(June 9, 1983 – July 2, 2008)

by Colleen Scott

It is with great sadness that Donna Hentges of Greymoor Farm, Elko, Minn., announces the passing of Klassic (Bask Clasix x Khemogina) shortly after her 25th birthday. A diminutive mare at 14.1H, Klassic nonetheless ruled the broodmare pasture. She was an Aristocrat Mare, Dam of Distinction, and one of the first mares chosen by the Minnesota Breeders program to be honored as a Broodmare Elite. At the time of her death, she was a leading living producer of champions.

Klassic was shown to a Region 13 Championship title in 1986 in the Arabian Mare Breeding class, no easy feat out of 22 competitors. She followed up that win with a Canadian National Top Ten in a field of 31. Klassic was also shown in English pleasure for a short time before her retirement to the broodmare pasture.

The chestnut mare produced 17 foals; a remarkable nine were champions, all of them were regional winners, and four of them were national winners. They include National Champion Drama Qyeen, National Champion TF Queen Ahearts, Reserve National Champion TF Destiny, National Top Ten Harleqyin, Regional Top Five TF Khourous Girl, Top Five Stallion and National-winning sire TF Khoumotion, Regional Top Ten Shaklans Premier and Regional Top Ten

Clearly Klassic. A number of her offspring have produced national winners, including TF Klassica (dam of five champions), TF Khourous Girl (dam of four champions), TF Khoumotion (sire of two champions) and TF Khover Girl (dam of one champion).

Hentges purchased Klassic in June of 2000, sight unseen. When vet-checked, the mare received a clean bill of health with the exception of what was described to Hentges as a benign tumor. Upon her arrival at Greymoor, Hentges was dismayed to discover the tumor was actually in the center of her belly, the width of a grapefruit, and hanging down almost 12 inches. When the tumor was removed, it weighed 17 pounds and Klassic was only given a 50/50 chance of reproducing.

The mare did foal four additional times, with one of the results being Drama Qyeen. "Apparently no one told her she only had a 50-50 chance of having more foals!" says Hentges.

Klassic was retired last year after the birth of her 17th foal. "It was a privilege to be this mare's caretaker for the last years of her life. I just wish that privilege could have lasted longer," she says. ⁽¹²⁾
